Oussama BELLOUZE

AI / LLM Engineer (Junior)

📍 Bejaia, Algeria · 📞 +213 657 96 68 24 · ✉ bellouzeoussama06@gmail.com
🔗 github.com/Bellouze-Oussama · linkedin.com/in/oussama-bellouze

Master 2 in Artificial Intelligence — highest honours (18/20), specialised in **RAG systems**, **AI agents** and **ML pipelines**. **Currently a software developer at Cosmos Hub** (Django / Angular + AI ERP for its French client Ecolotrans). Looking for an **AI / LLM Engineer role** (remote or based in Algeria).

SKILLS

LLM & RAG · LangChain · Qdrant · Hugging Face · CamemBERT · Groq · ReAct architecture · FastAPI
ML / Deep Learning · PyTorch · TensorFlow · scikit-learn · XGBoost · Federated Learning (Flower)
Web development · Django · DRF · Angular 17 · TypeScript · MySQL / MariaDB · Microsoft Graph API
Data / Tools · Apache Kafka · PySpark · Python · SQL · Docker · Git · Linux

EXPERIENCE

Junior Software Developer — Cosmos Hub · Algiers (remote) · *since May 2026*
ERP in **Django / Angular / MySQL** for **Ecolotrans** (logistics, France): optimised stored procedures (**1M+ rows**), REST APIs, Microsoft Graph integration, Linux deployment. Contributing to **AI automation** of the ERP (intelligent email processing).

AI Intern — BigNova · Bejaia · *Nov 2025 – Apr 2026*
Built **DZ Edu RAG**, a pedagogical RAG assistant: hybrid retrieval (BM25 + Qdrant + RRF + reranking), generation via **Llama 3.3 70B (Groq)**, automatic exercise validator. — *Python, FastAPI, Qdrant, Groq.*

Front-End Intern — Wyze Academy · France (remote) · *Jun – Aug 2025*
Online learning platform (React / Next.js, Framer Motion) within a French agile team.

KEY PROJECTS

🚚 **Transport AI Agent** — Autonomous AI agent (**ReAct** architecture) for fleet management: **11 LLM-orchestrated tools** (geocoding, routing, weather, alerts). — *Groq, OpenRouteService, FastAPI, SQLite.*

🗃️ **Bank Fraud Detection** — Real-time pipeline on a **Kafka** stream, 3-model comparison (Random Forest **F1 = 0.80**, AUC = 0.976). — *PySpark, XGBoost, Docker.*

🩺 **Master's thesis** — Federated learning for **diabetic retinopathy** classification (medical imaging). **Defended — highest honours (18/20).** — *TensorFlow, Flower.*

EDUCATION

Master 2 — Artificial Intelligence · *Highest honours (18/20)* · Abderrahmane Mira University, Bejaia · *2026*
Thesis: federated learning for diabetic retinopathy · Computer Vision · Deep Learning
Master 1 — Artificial Intelligence · Abderrahmane Mira University, Bejaia · *2024-2025*
Supervised / unsupervised learning · Classification & regression · Computer Vision basics
Bachelor's — Computer Systems · Abderrahmane Mira University, Bejaia · *2021-2024* · Final project: diabetes-tracking mobile app (Flutter + SQLite)
Cisco CCNA — Networking, TCP/IP, routing, network security · *2024-2025*

LANGUAGES

Kabyle / Arabic: native · **French**: B2 (TCF 431) · **English**: B1

STRENGTHS

Autonomy · Analysis & debugging of complex issues · Communication with IT & business teams · Fast learner

INTERESTS

AI / LLM trends · Open source & GitHub contributions · Kaggle · Science communication
